

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Lori & Larry Bayze
DOCKET NO.: 03-26681.001-R-1
PARCEL NO.: 02-09-204-041-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Lori & Larry Bayze, the appellants, by attorney William J. Seitz of Fisk Kart & Regan, LTD. of Chicago and the Cook County Board of Review (board).

The subject property consists of a four-year-old, two-story single-family dwelling of frame construction containing 2,927 square feet of living area and located in Palatine Township, Cook County. The residence contains two and one-half bathrooms, a full basement, air conditioning, a fireplace and a two-car garage.

The appellants, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellants offered four suggested comparable properties located within three blocks of the subject. These properties consist of two-story single-family dwellings of frame or frame and masonry construction and nine years of age. The comparables have two and one half bathrooms and full basements. The homes are air-conditioned and all have fireplaces and two or three-car garages. The comparables contain between 3,065 and 3,605 square feet of living area and have improvement assessments ranging from \$23,198 to \$37,492 or from \$7.51 to \$10.40 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$36,720, or \$12.55 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered three suggested comparable properties located within a block of the subject. The comparables consist of two-story single-family dwellings of frame

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR. \$36,720
TOTAL: \$46,523

or frame and masonry construction and range in age from four to six years. The comparables contain two and one half bathrooms and full basements; all have air conditioning, fireplaces and two or three-car garages. The comparables range in size from 2,930 to 3,605 square feet of living area and have improvement assessments of between \$38,845 and \$48,756 or from \$13.04 to \$14.97 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellants have failed to overcome this burden.

The PTAB finds the board's comparables two and three and the appellant's comparables one, two and three are similar to the subject with differences in living area and construction to be considered. These properties have improvement assessments ranging from \$7.51 to \$13.26 per square foot of living area. The subject's per square foot improvement assessment of \$12.55 is within this range of properties. The PTAB gives less weight to the remaining two comparables because they are less similar to the subject in living area. After considering the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is insufficient to effect a change in the subject's current assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellants failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
